

故事介绍

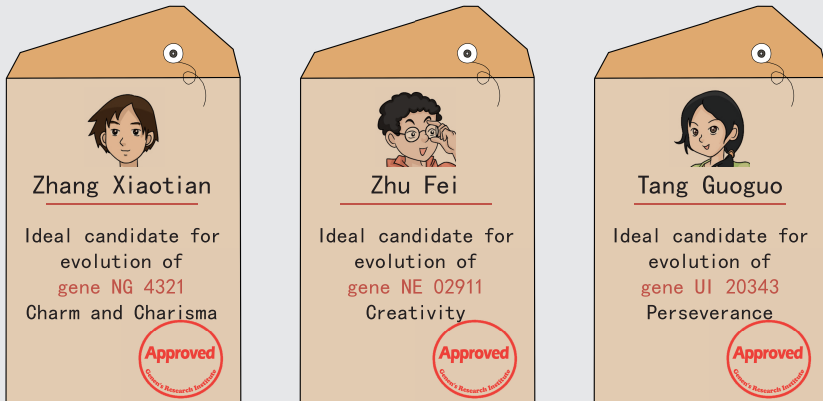

2050年，基因中心开始了新一代人类基因试验。他们精心选择了一小群青少年，促进他们的基因进化。基因加强不再是让人更高或更强，而是让人更有忍耐力，更有创造力，甚至更有魅力。

张小天，朱飞和唐果果原来只是普通的青少年。他们并没有意识到他们加强基因后会有麻烦，也没有想到他们会成为世界的唯一希望……

Introduction

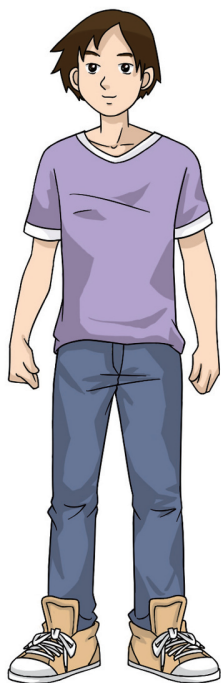

It's the year 2050 and the Genetics Research Institute is about to begin a new generation of genetic experiments on humans. For a small group of carefully selected young adults, the Institute's scientists have been able to make genetic enhancements and accelerate the evolution of their personalities. Genetic enhancements can make them persist in their goals, be more creative, or even more charismatic.

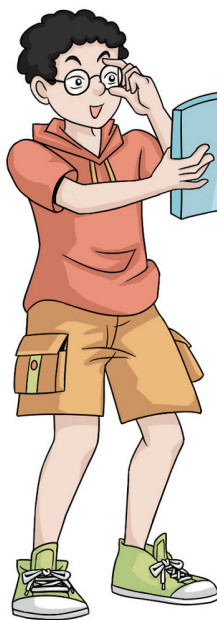

Zhang Xiaotian, Zhu Fei, and Tang Guoguo were just ordinary teenagers. They had no idea of the trouble that was about to happen or the fact that their genetic enhancements might be the world's only hope...
