## Chinese Paradise—Companion Reader

*Chinese Paradise—Companion Reader* is a series of readers based on the textbooks of *Chinese Paradise* (2nd edition). There are six levels in total, with 12 books in each level. Levels 1-3 correspond to YCT 1-2, and Levels 4-6 correspond to YCT 3-4.

Each book tells a fun story related to the topic in the textbook, and provides audio recording, explanations of new words, simulated YCT exercises, and English translation. The story makes good use of the vocabulary and sentence patterns in the textbook and is characterized by simple language and lively pictures. It gives young readers wings, taking them on a journey of fascinating reading while helping them consolidate what they've learned in the textbook. Small surprises are hidden in the pictures waiting for young readers to discover.
