

Introduction

Dear children, have you ever heard of China?

China is an amazing country. She has a history of 5,000 years and is home to the majestic Great Wall, cute pandas, delicious food and hospitable children.

If you want to know about China, come and learn Chinese! Chinese is a very interesting language. Her tones are like music, and different tones represent different meanings. For example, “ba” has four tones, which can mean words such as “eight, pull, target, dad” depending on the tone. Chinese characters are also very interesting, for example, “一, 二, 三” mean “one, two, three” respectively, and “人” means “person”. Interesting, isn't it?

By learning Chinese, you will be able to learn about the history of China, the current education and life of Chinese children, and communicate directly with Chinese people in Chinese.

If you want to know more about China, *Chinese Paradise* is a great start to exploring the lovely and amazing Chinese culture.
